

**Lupus Academy Eastern European Roadshow Meeting
(Budapest): Registration Opens Monday 8th February 2016**

LupusAcademy

Communicate. Educate. Treat.

Eastern European Roadshow Meetings

19th March 2016 Budapest

Registration Opens Monday 8th February 2016

Dear Friends and Colleagues

On behalf of Lupus Academy, it is with great pleasure to invite you to register for **the Lupus Academy's Eastern European Roadshow Meeting** which will be held on **19th March 2016 at Semmelweis University, Budapest, Hungary**. This meeting is being organised in collaboration with Professor Gyorgy Nagy, to whom we are very grateful.

These are exciting times for lupus clinicians and scientists as we embark on new frontiers in the diagnosis, management and novel treatment targets for lupus. This meeting will include a half-day educational programme that reflects the key issues in lupus diagnosis, management and the challenges we face in clinical practice. The educational programme will be delivered through a morning plenary session and afternoon interactive workshops. Developed and delivered by a world-leading faculty, this educational programme will be submitted for CME accreditation.

We sincerely hope that you will be able to join us in Budapest for what we hope to be an engaging meeting of like-minded people with an interest lupus and allied diseases.

Please note that this meeting is a regional meeting. The 5th Annual Meeting of the Lupus Academy will take place in the Netherlands 6-8th May 2016--more details will be provided following allocation of funding for this meeting.

Yours Sincerely

Professors Ricard Cervera, Andrea Doria and Gyorgy Nagy

On Behalf of The Lupus Academy Steering Committee

Mission Statement

The Lupus Academy is a long-term initiative committed to improving patient outcomes in SLE and allied diseases. By providing a highly interactive educational forum, the Lupus Academy is dedicated to sharing best clinical practice through the dissemination and discussion of cutting edge scientific and clinical research.

These meetings will be planned and presented, exclusively under the control of the faculty. The Lupus Academy is grateful for the financial support, through independent education grants, from GSK, UCB and BMS.
